Laird Hoppin Letter from EBMUD 03-28-13.pdf
letter from members of congress.pdf

The letters are public record and can be shared, although I just realized that the Marcus letter to EBMUD was scanned with the "bc" page. It's not a big deal, but I'd prefer to send you a copy without that page. I will have the letter rescanned and will send it to you (hopefully) later today.

Attached are both incoming letters.

Thanks for those. Do you by any chance have an e-copy of the incoming letter from what appears to be some of the Central Valley congressional delegation?

(And I am assuming these are public docs that can be circulated amongst the federal family. Correct that soon if I am wrong.)

Thanks. I also talked to Les and he had a couple of additional ones. This should be enough to at least get a more realistic conversation started about whether the Board has a role in any of this.
